No. IMAGE/AD/OP/SEC/11137/25-26/Circular dtd 19.05.2025

Kind Attention:

All Affiliated Health Care Institutions with IMAGE

CIRCULAR

Subject: Implementation of Blue Containers for Blue Category Biomedical Waste

In accordance with the Biomedical Waste Management Rules, 2016 notified by the Ministry of Environment, Forest and Climate Change, and the operational guidelines issued by the Central Pollution Control Board, Blue Category waste — which includes broken or discarded and contaminated glass such as medicine vials and ampoules, except those contaminated with cytotoxic substances — shall be managed strictly following the protocols outlined in Schedule I and Schedule II of the Rules.

In line with this, all affiliated healthcare establishments are hereby reminded to adhere the following measures with immediate effect:

Blue Category biomedical waste must be collected and stored in puncture-proof, leak-proof, and tamper-proof containers, as specified under Schedule II of the Biomedical Waste Management Rules, 2016. These containers shall be affixed with barcode stickers for effective management and tracking of Blue Category BMW and to be procured from authorized dealers of IMA.

To ensure the quality and standardization of containers and barcode stickers, authorized dealers have been entrusted with supplying two sizes of blue containers with capacities of 5 litres and 10 litres, each accompanied by barcode stickers at standardized rates.

Tamper Proof Containers (GST @ 12% Extra)	
Container Size	Price
5 Ltr.	₹ 200/-
10 Ltr.	₹ 300/-

Forever Yours

The Panacea for all Biomedical Waste

Healthcare establishments may contact the authorized dealers in their respective regions (details enclosed separately) or place orders conveniently through the IMAGE Customer Portal or the IMAGE HCE Mobile App.

We sincerely appreciate your continued cooperation and valuable support in this important initiative undertaken by IMA Kerala since 2004.

Yours Sincerely,

Dr. Krishnakumar P.V.

Secretary, IMAGE IMA KSB
